

## COVID-19 Pandemic Principles that Guide MacIntyre Academies' Work

At MacIntyre Academies we are fully committed to delivering as much face-to-face teaching and the widest education experience as possible, now and from September 2020. We are also conscious that the COVID-19 pandemic poses unprecedented challenges for us and our communities so our planning will be guided by four key overarching principles:

- The safety and wellbeing of all is paramount
- We will be flexible and respond to changing circumstances
- We will maintain the integrity of the educational experience while following a Recovery Curriculum
- We will assure the quality of our education offer

The table below shows the factors that help us make the best decisions for everyone. We believe that it is important to be clear about the factors that inform our decision making because it is not always possible to find a solution that pleases all. Sometimes information that helps us to make judgements is missing, incomplete and delayed which means that sometimes our decisions are last minute. We will always strive to do the best for all involved.

Factors	What it means for:			
	Learners	Parents	Staff	Leaders
